

"I got this in from Dick, today. I thought it surely worth reading by all Americans who feel comfortable." As read on-air by John Stadtmiller, [The National Intel Report](#)

A chilling commentary on America . . . send to all, disseminate profusely!

Last week I attended an immigration-overpopulation conference in Washington DC, filled to capacity by many of American's finest minds and leaders.

A brilliant college professor named **Victor Hansen Davis** talked about his latest book, "**Mexifornia: A State of Becoming.**" (ISBN: 1893554732) explaining how immigration - both legal and illegal - was destroying the entire state of California. He said it would march across the country until it destroyed all vestiges of The American Dream. A large part of the problem, Hanson believes, comes from the opportunistic coalition that stymies immigration reform and, even worse, stifles an honest discussion of a growing problem. Conservative corporations, contractors, and agribusiness demand cheap wage labor from Mexico, whatever the social consequences. Meanwhile, "progressive" academics, journalists, government bureaucrats, and La Raza advocates envision illegal aliens as a vast new political constituency for those committed to the notion that victimhood, not citizenship, is the key to advancement. The problems Hanson identifies may have reached critical mass in California, but they affect Americans who inhabit "Mexizona," "Mexichusetts" and other states of becoming.

Moments later, former Colorado Governor **Richard D. Lamm** stood up and gave a stunning speech on how to destroy America. This writer sat in the audience spellbound by the eight methods of destruction of the United States.

(Richard D. Lamm has spent more than 20 years warning America that shrinking birth rates and growing life expectancy are rapidly rendering unsustainable the social contract built around Franklin Roosevelt's New Deal and Lyndon Johnson's Great Society. Lamm, a former three-term Governor of Colorado, compares his efforts to those of Winston Churchill during his wilderness years of the 1930s, futilely warning Britain against the rise of Hitler. Lamm argues that Social Security and Medicare are fiscally untenable and morally indefensible, transferring vast amounts of wealth to today's elderly at the expense of future generations.

Selected as one of Time's "200 Young Leaders of America" in 1974, Lamm served eight years in Colorado's legislature before being elected and serving as governor of Colorado from 1975 to 1987, leaving his legacy as one of the most popular and longest serving governors in Colorado history..)

He said, "If you believe that America is too smug, too self-satisfied, too rich, then let's destroy America. It is not that hard to do. No nation in history has survived the ravages of time. **Arnold Toynbee** observed that all great civilizations rise and fall and that, 'An autopsy of history would show that all great nations commit suicide.'

"Here is how they do it," Lamm said:

"Turn America into a bilingual or multi-lingual and bicultural country. History shows that no nation can survive the tension, conflict, and antagonism of two or more competing languages and cultures. It is a blessing for an individual to be bilingual; however, it is a curse for a society to be bilingual.

"The historical scholar **Seymour Lipset** put it this way: 'The histories of bilingual and bicultural societies that do not assimilate are histories of turmoil, tension, and tragedy.' Canada, Belgium, Malaysia, Lebanon all face crises of national existence in which minorities press for autonomy, if not independence. Pakistan and Cyprus have divided. Nigeria suppressed an ethnic rebellion. France faces difficulties with Basques, Bretons, and Corsicans."

Lamm went on: "Invent 'multiculturalism' and encourage immigrants to maintain their culture. I would make it an article of belief that all cultures are equal. That there are no cultural differences. I would make it an article of faith that the Black and Hispanic dropout rates are due to prejudice and discrimination by the majority. Every other explanation is out of bounds.

"We could make the United States of America a 'Hispanic Quebec' without much effort. The key is to celebrate diversity rather than unity. As **Benjamin Schwarz** said in the *Atlantic Monthly* (www.theatlantic.com/) recently: 'The apparent success of our own multiethnic and multicultural experiment might have been achieved not by tolerance but by hegemony. Without the dominance that once dictated ethnocentrically and what it meant to be an America, we are left with only tolerance and pluralism to hold us together.'"

Lamm said, "I would encourage all immigrants to keep their own language and culture. I would replace the melting pot metaphor with the salad bowl metaphor. It is important to ensure that we have various cultural subgroups living in America reinforcing their differences rather than as Americans, emphasizing their similarities."

"Fourth, I would make our fastest growing demographic group the least educated. I would add a second underclass, unassimilated, undereducated, and antagonistic to our population. I would have this second underclass have a 50% dropout rate from high school."

"My fifth point for destroying America would be to get big foundations and business to give these efforts lots of money. I would invest in ethnic identity, and I would establish the cult of 'Victimology' - I would get all minorities to think their lack of success was the fault of the majority. I would start a grievance industry blaming all minority failure on the majority population."

"My sixth plan for America's downfall would include dual citizenship and promote divided loyalties. I would celebrate diversity over unity. I would stress differences rather than similarities. Diverse people worldwide are mostly engaged in hating each other -- that is, when they are not killing each other."

"A diverse, peaceful, or stable society is against most historical precedent. People undervalue the unity it takes to keep a nation together. Look at the ancient Greeks. The Greeks believed that they belonged to the same race; they possessed a common language and literature; and they worshipped the same gods. All Greece took part in the Olympic Games. A common enemy Persia threatened their liberty. Yet all these bonds were not strong enough to overcome two factors: local patriotism and geographical conditions that nurtured political divisions. Greece fell. In that historical reality, if we put the emphasis on the '*pluribus*' instead of the '*unum*,' we can balkanize America as surely as Kosovo."

"Next to last, I would place all subjects off limits ~ make it taboo to talk about anything against the cult of 'diversity.' I would find a word similar to 'heretic' in the 16th century -- that stopped discussion and paralyzed thinking. Words like 'racist' or 'xenophobe' halt discussion and debate. Having made America a bilingual/bicultural country, having established multi-culturism, having the large foundations fund the doctrine of 'Victimology' I would next make it impossible to enforce our immigration laws. I would develop a mantra: That because immigration has been good for America, it must always be good. I would make every individual immigrant sympatric and ignore the cumulative impact of millions of them."

In the last minute of his speech, Governor Lamm wiped his brow. The profound silence allowed me to hear my heart beating. Finally he said, "Lastly, I would censor **Victor Hanson Davis's** book *Mexifornia*. His book is dangerous. It exposes the plan to destroy America. If you feel America deserved to be destroyed, don't read that book."

There was no applause. A chilling fear quietly rose like an ominous cloud above every attendee at the conference. Every American in that room knew that everything Lamm enumerated was proceeding methodically, quietly, darkly, yet pervasively across the United States of America today. Every discussion is being suppressed. Over 100 languages are ripping the foundation of our educational system and national cohesiveness. Example: Barbaric cultures that practice female genital mutilation are growing as we celebrate 'diversity.'

American jobs are vanishing into the Third World as greedy corporations create a 'Third World' in America - take note of California and other states - to date, ten million illegal aliens and growing fast. It reminded me of **George Orwell's** book "1984." In that story, three slogans are engraved in the Ministry of Truth building: "War is peace", "Freedom is slavery" and "Ignorance is strength."

I sat there as one of the most patriotic Americans I know, Governor Lamm, walked back to his seat. It dawned on everyone at the conference that our nation and the future of this [once] great republic are deeply in trouble and worsening fast. If we don't get this immigration monster stopped within three years, it will rage like a California wildfire and destroy everything in its path, especially "The American Dream."
