

I am not an attorney.

I don't practice law.

I use Law.

I don't despise Law.

I am a man,

I am an American National by birth,
a Texan by choice.

Serenity is My name,
Being cool is My game.

Equality under the Law is paramount,
and mandatory by law.

I am competent - I am unrepresented,
I am competent to handle My own affairs.

What's mine is mine and what's yours is yours.

If we knowingly, willingly and voluntarily
choose to exchange to mutual satisfaction
then we both may go on our way in honor!

I aim to acknowledge, honor and respect you, and
should I fall short of My aim please feel encouraged
to help back on track.

I assist others to the best of My ability when asked,
not so much as to do it for them as to help them
do it for themselves.

I have the Freedom and the Liberty to do these
and many more things. I am unencumbered.

It is towards the pursuit of My Happiness!

Me, I am one of We The People!
