

Towards comprehending the Communist Manifesto

[North] Americans, being the most naive people among the [world's] nations, now believe that Communism is dead because the Berlin Wall and the Iron Curtain have been removed. The ironic truth is that Communism has just switched names to become more "politically correct". Read, learn, and be aware. (Ask yourself, "What's in it for me?")

1. Abolition of property in land and application of all rents of land to public purposes.

The 14th Amendment of the U.S. Constitution (1868), and various zoning, school & property taxes. Also the Bureau of Land Management. (www.BLM.gov) (*See also*, FEMA)

2. A heavy progressive or graduated income tax.

Misapplication of the 16th Amendment of the U.S. Constitution, 1913, The Social Security Act of 1936.; Joint House Resolution 192 of 1933; and various State "income" taxes. We call it, "paying your fair share".

3. Abolition of all right of inheritance.

We call it Federal & State Estate Tax (1916); or reformed Probate Laws, and limited inheritance via arbitrary inheritance tax statutes. (BAR Attorneys [Esquires] are [foreign] agents of transfer.)

4. Confiscation of the property of all emigrants and rebels.

We call in government seizures, tax liens, Public "law" 99-570 (1986); Executive Order 11490, sections 1205, 2002 which gives private land to the Department of Urban Development (HUD); the imprisonment of "terrorists" and those who speak out or write against the "government" (1997 Crime/Terrorist Bill)(*see also*, Patriot Act I, II, Military Commissions Act); or the IRS confiscation of property without due process (or other consideration.)

5. Centralization of credit in the hands of the State, by means of a national bank with State capital and an exclusive monopoly.

We call it the Federal Reserve which (being neither 'federal' or [a] 'reserve') is a [private bank] credit/debt system nationally organized by the Federal Reserve Act of 1913. All local banks are members of the Fed system, and are regulated by the Federal Deposit Insurance Corporation (FDIC). (Not ever audited.) (Not species money.)

6. Centralization of the means of communication and transport in the hands of the State.

We call it the Federal Communications Commission (FCC) and Department of Transportation (DOT) mandated through the ICC Act of 1887, the Commissions Act of 1934, the Interstate Commerce Commission established in 1938, The Federal Aviation Administration, Federal Communications Commission, and Executive orders 11490, 10999, as well as State mandated (?) [so-called] driver's licenses and Department of Transportation regulations.

7. Extension of factories and instruments of production owned by the State; the bringing into cultivation of waste-lands, and the improvement of the soil generally in accordance with a common plan.

We call it corporate capacity, the Desert Entry Act and the Department of Agriculture; as well as the Department of Commerce and Labor, Department of Interior, the Environmental Protection Agency (EPA), Bureau of Land Management (BLM), Bureau of Reclamation, Bureau of Mines, National Park Service, and the Internal Revenue Service (IRS) control of business through corporate regulations. (FEMA and Corp of Engineers)

8. Equal liability of all to labor. Establishment of industrial armies, especially for agriculture.

We call it the Social Security Administration (SSA) and The Department of Labor. The National debt and inflation caused by the communal bank (Federal Reserve) has caused the need for a two "income" family. Woman in the workplace since the 1920's, the 19th amendment of the U.S. Constitution, the Civil Rights Act of 1964, assorted Socialist Unions, affirmative action, the Federal Public Works Program and of course Executive Order 11000.

9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country, by a more equable distribution of the population over the country.

We call it the Planning Reorganization Act of 1949, zoning (Title 17 § 1910-1990) and Super Corporate Farms, as well as Executive Orders 11647, 11731 (ten regions) and Public Law 89-136.

10. Free education for all children in public schools. Abolition of children's factory labor in its present form. Combination of education with industrial production, &c., &c.

People are being taxed to support what we call "public" schools, which train the young to work for the communal debt system. We also call it the Department of Education, the NEA and Outcome Based "Education".
